DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1, line 20, "similar" is not clear as to its meaning. The descriptive portion of the specification does not appear to validate the particular use of this word.

Claim Rejections - 35 USC § 103

3. Claims 1-6, as understood, are rejected under 35 U.S.C. 103(a) as being unpatentable over van Zee et al., US 7,058,685, in view of Donner, US 6,154,725.

van Zee discloses deploying a computer program to a plurality of parties.

Donner discloses a computer-implemented audit system estimating a value of an intellectual property portfolio.

To have deployed a computer program to a plurality of parties to include deploying a computer program to a plurality of parties to include a computer-implemented audit system estimating a value of an intellectual property portfolio for van Zee would have been obvious to one of ordinary skill in the art in view of Donner.

Neither van Zee or Donner disclose conducting an audit of real estate property and generating an associated value of net operating income.

Official Notice is taken that conducting an audit of intellectual property, e.g. real estate, and generating an associated value of net operating income, has been common knowledge in the real estate audit art.

To have provided for van Zee, as modified by Donner, would have been obvious to one of ordinary skill in the art. The motivation would have been to substitute one known intellectual property item for a common knowledge intellectual property item, e.g. real estate.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
